Professional Summary

Adaptable and proactive developer with hands-on experience in full-stack development and a strong understanding of Microsoft technologies. Skilled in C#, .NET, REST APIs, Azure DevOps, and agile methodologies. Recent work with CRM systems, eCommerce platforms, and Azure tools makes me well-equipped to support and develop Dynamics CRM solutions. Passionate about user-focused solutions, cross-platform integration, and building maintainable, scalable systems.

Core Competencies

- Microsoft Technologies: C#, .NET Core, REST APIs, Azure, Azure DevOps
- Dynamics 365 (Learning Path) | Office 365 | Power Platform (Intro)
- Web Frameworks: Vue.js, React, Razor Pages, HTML/CSS
- Databases: SQL Server, MySQL, Azure SQL, MongoDB
- DevOps & Tools: Docker, Git, GitHub, CI/CD Pipelines, Azure Boards
- Documentation: Solution specifications, system descriptions, technical reporting
- Methodologies: Scrum, Agile
- Soft Skills: Detail-oriented, analytical mindset, fast learner, effective communicator

Professional Experience
